Isabelle Vinet holds a master's degree in Educational Psychology (Psychoeducation) from the Université de Montréal with a primary focus on violence prevention. Since 2012, she has been directing the *Encyclopedia on Early Childhood Development*, the leading resource of the best and most up-to-date knowledge available on the development of young children (0-5). This online resource, which gathers both Canadian and international researchers, seeks to bridge scientific knowledge to decision making.

Moreover, invited twice by the OECD, she shared her views on these two topics.
